

# Marvel Characters Analysis

Male characters are most popular among fans. So are the characters with good personality. Also characters with public identity and secret identity are popular as well.

Marvel Universe is dominated by male charcters with most of the characters prefer to keep their identity secret. However for agender charcaters this doesn't hold true.

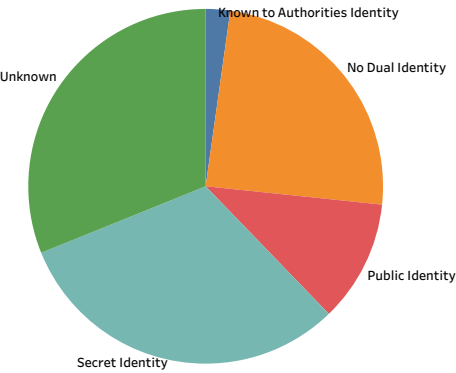

Most of the Marvel characters have bad personlaity. However this isn't applicable for female characters who are mostly good-natured.

Most characters with secret identity are obviously bad while most characters with public identity are e..
